Subject: FW: Rosemont letter

I'm thinking this may be too premature. For all we know, Ted will not start the clock on FS and the April 18th meeting may be meaningful. My thought is to respond to Rob that although its good for them to have the paper, this may not mean we need rush into a briefing. We never intended a one-pager to suffice as a formal briefing paper for a decision with the Administrator. Am I off-track here?

One point, one ask, and one recommendation:

- I think you need to speak to the part of the Governors letter that talks about the Corps not issuing a permit until the EPA's concerns (via April 14, 2015 memo) are resolved. The paper seems to go light on the 404 component.

Please send me the April 14, 2015 memo and the State's June 12th response. I fully understand this is a memo that went out from your OW office, but I think we all here at HQ need those two documents for the full picture.

My recommendation is that you lay out options for the Administrator, potentially with pros and cons of each, if

I spoke with Alexis about this today. She puts together an email every Thursday and sends to the political team in Washington. She would like to provide the issue paper to the team through the mechanism of her Thursday email. FYI, yesterday, we hosted Ken Wagner, who is a newly installed political serving as a Regional Liaison to the Administrator. She gave Ken a heads up on this issue when he was here yesterday.

We had created a one-pager on this to put in a briefing book for our new (anticipated) RA. We can dust off that paper and add the latest info.

One follow up thought: would also appreciate your thoughts on who should forward an issue paper...OW, OECA, or R9....

Thanks, Rob

Very helpful; I appreciate the update. Given the visibility, I think we need to provide a status update to Byron; perhaps a one page issue paper. I will vet whatever you all draft with OW here before anything is sent forward by either of us.

Thanks, Rob
